Student Statistician | Data Science

PROFILE

Curious, ambitious and determined, I am currently training as a statistician at ENSEA. I am passionate about data science, public speaking and finance, which led me to join the ENSEA Data Science Club and the Debate and Discussion Club, and sparked my interest in SIKA Academy.

EDUCATION

National Higher School of Statistics and Applied Economics (ENSEA), Côte d'Ivoire *2024 – 2027*

• **Statistical Analyst, Data Science specialisation** (Bachelor's level, in progress)

Developing strong analytical skills, complemented by data processing and value creation, data visualisation and project management.

PROFESSIONAL EXPERIENCE

National Higher School of Statistics and Applied Economics, Abidjan, Côte d'Ivoire
Research Assistant (intern) *August – September 2025*
• Developed a platform to record and track the performance of ENSEA survey enumerators.

Ivoirian Bank Company, Transformation and Innovation Direction, Abidjan, Côte d'Ivoire *August 2026*
Designed an automated database, cleaned and structured data, and developed a dynamic dashboard to monitor quality indicators and support decision-making.
• Strengthened collaborative and analytical skills in a professional environment.

ADDITIONAL EXPERIENCE AND LEADERSHIP

Linguistic immersion, Accra, GHANA *2026*
• Completed a two-week language immersion in Ghana, improving pronunciation and expanding vocabulary through immersion in an English-speaking environment.

Flamme linguistique, national competition *2026*
• Won the National Public Speaking Champion title in the debate category, demonstrating public speaking, argumentation and persuasion skills.

Ensea Data Science Club (EDSC), ENSEA
Club Finance Officer *2025 – 2026*
Managed FCFA 700,000 in club funds with rigour and transparency; generated nearly FCFA 200,000 in profit through merchandise sales, while ensuring efficient and traceable financial management.

PROJECTS

Customer Satisfaction Study, Canal+, Côte d'Ivoire *2026*
• Designed and conducted a study on future audiences, analysed their needs using collected data, and formulated data-driven strategic recommendations.
